THREE REQUISITES FOR RELIABILITY

I. FRESHNESS II. FLAWLESSNESS III. QUALITY

Our customers can depend on I. and II. regardless of price. We receive weekly consignments of freshly made Sheaths, and before being prepared for sale, these must be passed by a special department for Air Testing and Examination. We have an expert staff for the purpose.

III. Owing to the recent advance of Science in manufacture QUALITY has greatly improved, and to help our customers to make a choice we have graded our sheaths as follows:—

GRADE "A"—Best Latex heat-cured Rubber manufactured by the most advanced process, regardless of cost.

GRADE "B"—Best materials, made by the older process.

GRADE "C"—Is made down to a price, but must pass our tests

Dr. PATTERSON'S
SOLUBLE QUININE PESSARIES

uaranteed to contain 5 grains of quinine to each pessary.

Th significance of this guarantee is not generally realised by the public. This is the correct quantity of quinine, and the pessary should not contain less. The quinine is the expensive item in their manufacture, and to cut costs, many merchants sell them with a lesser quantity These should be guarded against. Every care is exercised in the manufacture of these We have never a complaint of failure, we thoroughly recommend them to all our customers.

Pure „ „ „ „ Pneumatic „	4/3	12/–
„ „ „ „ „ Spring „	5/4	15/–
The New Transparent „ Solid „	6/–	16/9

Boxed with Instructions.

In 3 Sizes—Small, Medium, and Large.

NOTE—When ordering state size required.

The following may be helpful:—Ladies without any children generally require size 1. Ladies with one or two children, size 2. Ladies with three or more children, size 3.

This appliance is of Pure Soft Medicated Para Rubber to be worn by the female for covering the mouth of the womb. It is specially recommended in "Wise Parenthood" by Dr. Marie Stopes, from whom we have received a testimonial.

We would specially recommend the Transparent Solid Rim Pessary, which is very soft, flexible and sensitive. We find it adheres more easily and sticks like a limpet

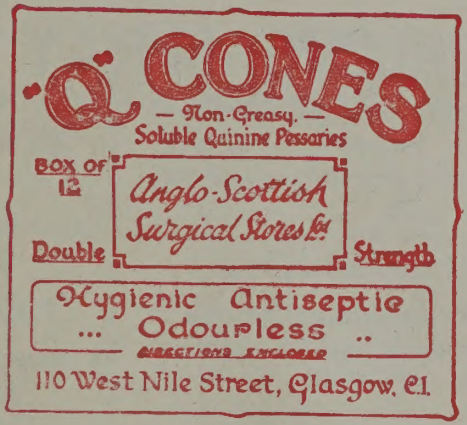
SUPERFINE QUALITY

Securely packed in sealed tin boxes, each containing 1 dozen Cones.



Directions.

Insert one about 3 to 5 minutes before each occasion. Syringing afterwards is not necessary, but is recommended.

"Q" Cones are non-irritant, absolutely reliable, and do not contain any injurious substance.

These are perfectly reliable Quinine Pessaries. Guaranteed to be quite harmless, and at the same time an efficient contraceptive.

"Q" Cones are manufactured by qualified chemists from the purest ingredients it is possible to obtain. The quinine is in soluble form, and they contain a large percentage of glycerine. This also has a preventive and antiseptic action.

Price 3/6 per Box. 3 for 10/- Post Free.

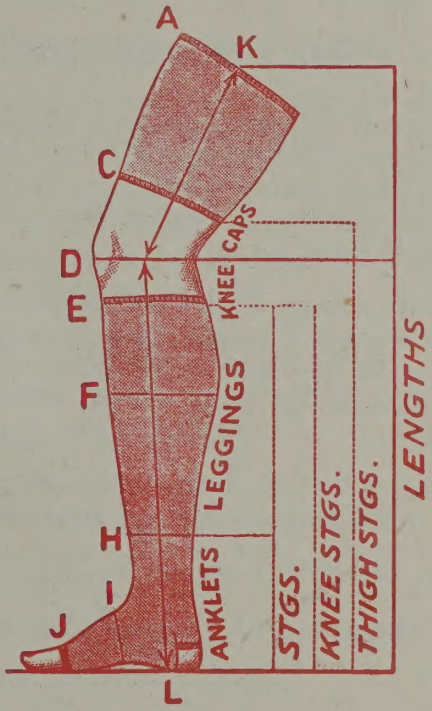
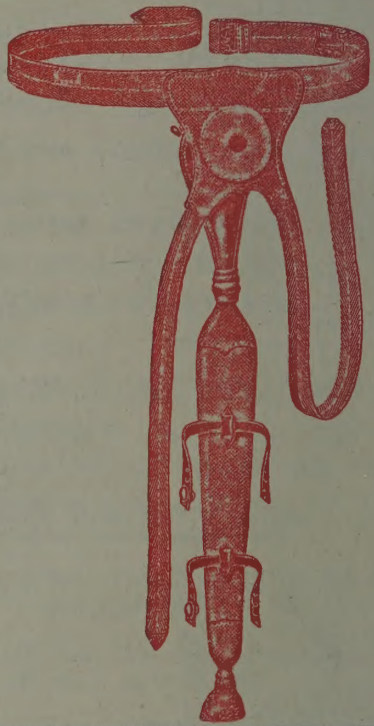
See note on Page 36.



GENT'S RUBBER URINALS



These Urinals are invaluable in cases of incontinence of urine. They are made of the best vulcanised india rubber and are fitted with valves through which the urine passes into the bag and cannot escape until the tap is opened to empty.

We strongly advise our customers who can afford to keep two of these, to have one with long bag for day use (this will not be noticeable), and another with short bag, which is more comfortable to wear in bed.

No. 1673 C With Diaphram and inside sheath, day or night use, Short bag - 22/-

No. 1675 C Day and night use, Long bag 25/-

Best Quality, Highly Finished, Thoroughly Reliable. At a low cost.

No. 1711 C

LADIES' RUBBER URINALS

The type of urinal illustrated is specially devised for ladies. It embodies all the latest improvements, is very soft, flexible and can be worn with great comfort. Each one is made specially to customer's order. The size round waist being the only measurement required. If supplied under National Health Insurance see note on page 36.

No. 1711 C as illustrated 35/- complete.
